

DETAILED ACTION

Amendment

1. Receipt is acknowledged of the response filed on November 12, 2007. Currently claims
5 1-16, 18, 19, 26, and 27 remain in the examination.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or
additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR
10 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the
payment of the issue fee.

Authorization for this examiner's amendment was granted during a telephone interview
with Mr. Thomas Spinelli on February 6, 2008 (see attached Interview Summary).

IN THE CLAIMS

13. (Currently Amended). The inventory management apparatus of claim 1, wherein:
the automated assembly machine comprises a surface mount technology pick and place machine,
20-25. (Canceled).

Allowable Subject Matter

3. Claims 1-16, 18, 19, 26, and 27 are allowed.

4. The following is the Examiner's statement of reasons for allowance: The claims are directed at an apparatus and the method for automated assembly machine processing a reel tape. Along the tape that is being fed into the apparatus, at least one indication is positioned at a location along the tape at which a predetermined portion of the component reel has been
5 depleted, the predetermined portion indicating a percentage us of the component reel. The indication read by the reader is transmitted. As indicted, claims 1-16, 18, and 19 were previously allowed. Applicant's argument with respect to claims 26 and 27 is persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
10 fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
